

CIRCULAR NO 7

Subject – EXTENSION IN OUR SCOPE OF ACCREDITATION

Dear Valued Customers,

Date: 28/11/2020

Ref No: FAL-OGC-20-142

We are pleased to announce that we have completed the accreditation process for forty five new tests from EIAC. It was indeed challenging and strenuous process but by the dedication of our team and full support from Top Management of Falcon Group, we have successfully accomplished the goal of recognition. Our new accreditation scope is for testing of Conventional and Specialized Construction Material. In addition, there are specialized testing for which it is rare to find the accredited testing facility the whole Middle East. Please find below brief details for which Falcon Lab has completed the accreditation process.

1. Paving Blocks
2. Masonry Blocks
3. Aggregate
4. AAC Blocks
5. Fresh Concrete
6. Concrete Durability
7. NDT Testing of Concrete (For Structural Investigation)
8. Tile Adhesives
9. Drinking water
10. Sweet Soil
11. Swimming Pool Water
12. Energy Efficiency Calculation of External Partition (U Value)

We hope our efforts of having recognition from the world wide recognized Accreditation Body will be appreciated at your end. In case, if you have any technical enquiry, please feel free to contact us.

Thanking you,

Yours Sincerely,

Sohail Zafar
Technical Director
0589622050

Our Specialties

- Thermal Properties of Construction Material
- Testing of Tile Adhesive, Sealant, Mortar, Plaster, Coatings, Epoxies
- NDT Testing of Concrete with most advanced instrument.
- Scanning of Concrete up to 2.0m depth.
- Sub Surface Exploration up to 150m depth.
- Energy Saving Calculations
- Structural Investigations
